## KEMBLE ENTERS NEW BAIL.

He declares he had no intention of running away.

HARRISBURG, April 13.—At 9 o'clock this morning ex-State Treasurer Wm. H. Kemble, in the custody of a deputy sheriff, and accompanied by his counsel, went to the Dauphin county jail, where after about half an hour's waiting, Judge Pearson came in, closely followed by the district attorney. Kemble produced telegrams from him to prove that he was voluntarily on his way to Harrisburg when a detective detained him. Kemble said he sent a telegram to M. S. Quay on Friday, telling him he would be in Harrisburg on Monday, to enter new bail. He also wrote to his lawyers to the same effect. He said the newspaper reports as to his intended flight were all false and without color of authority. He could prove, by telegrams sent, that he was on his way voluntarily. He knew nothing of the visit or surrender of Pettrol, Salter, Rumberger and Crawford. His business and the precarious condition of his wife's health prevented his getting here sooner. He never acted secretly nor with a desire to conceal his identity. He would be here on the 26th inst., if alive, to accept sentence. Witnesses were called to prove Mr. Kemble's intention to appear voluntarily in Harrisburg, and after some objections by the district attorney, Judge Pearson admitted the accused to bail in the sum of \$5,000. J. C. Bomberger, of this city, became his bail. The judge said if he had any doubt as to Kemble's voluntary appearance he would not accept bail. He had none, however, and wanted them all in court at 12 o'clock on the 26th inst.

## ELECTION IN TRENTON.

The Democrats Sweep the City.

TRENTON, N. J., April 13.—The municipal election yesterday resulted in the election of William Price, Democrat, for mayor, by over 600 majority—a gain of about 300. The Democratic school superintendent and receiver of taxes were elected without opposition. The Democrats also elected five councilmen and Republicans two, and Democrats two freeholders; Republicans one.

BORDENTOWN, N. J., April 13.—The city election was held yesterday. The committee on council, mayor and all the officers on the Democratic ticket were elected. John O. Hudson, for mayor, got 140 majority over Mr. Hartshorne, the Republican candidate.

A Lady's First Vote in Albany.

ALBANY, April 13.—The charter elections here to-day opened with much spirit. The first lady to vote under the new law for school board was Miss Kate Stoneman, secretary of the county woman's suffrage society.

worship, and in the burying-ground adjoining which are some very old graves. The village of Schoenock contains some fine residences. One of the most prominent residences in the place is that of Dr. Samuel S. Weist, located near the center of the village, surrounded by elegant ornamental trees and shrubbery. Dr. Weist enjoys a large medical practice, and is also engaged in a number of business enterprises. He is the proprietor of several cigar manufacturing establishments, giving employment to a large number of hands. He is also a fruit grower of much experience, has a large vineyard, and is engaged in the manufacture of wine. Dr. L. R. Weist, of Schoenock, also enjoys a fine practice. The most southern residence in the village, fronting on the road to Lancaster, is that of Hon. J. A. Stober, one of the members of the Legislature for Lancaster county, who does a large business as an insurance agent and justice of the peace.

From Schoenock to Reamstown. On the way from Schoenock to Reamstown station (Stevens P. O.) distance two miles, the splendid farm and residence of Ezra Becker is passed. Mr. Becker has been interested in several paper mills in Berks county. At the "cross-roads" one mile from Schoenock, is the fine farm of Michael H. Shirk, an ex-treasurer of Lancaster county. The road thence to Reamstown station is almost perfectly level. At the station there is quite a village, with a number of handsome houses. Reamstown, one of the oldest towns in Lancaster county, is two miles from the station. Being, unfortunately, away from the railroad, the town shows but few signs of improvement. From Reamstown station, southward for a number of miles along the Reading and Columbia railroad, may be seen the large hygienic resort erected on the southern slope of the Cushion Mountain by Dr. James S. Preston. This health establishment is located about three miles south of Wernersville, and one and a half miles from Deep Cat station, on the Reading and Columbia railroad.

## COLUMBIA NEWS.

From Our Own Correspondent.

Business at the Columbia coal shutes for this season will in all probability commence to-morrow.

Large numbers of rats are arriving daily. The high winds, however, prevent them from passing further than this point.

The population of Columbia was increased this morning by the arrival in town, from Alburtus, of Mr. and Mrs. ——— with fourteen children. The father is evidently very proud of his family, taking the pains to inform several persons that they were all his.

The Shawnee rolling mill will no doubt be idle for some time. Employer and employee are at loggerheads. Yesterday the iron workers, at a meeting held by them, decided to work but five heats per day. The company are as firm in their demand that the men shall work six heats. And so the matter rests.

The fire escapes contracted for by the school board some time ago, at each end of the school buildings, have been erected. The material is of wood and iron; the steps of wood and the framework of iron. The work is of a substantial character and will, no doubt, if ever called into service, answer the purpose.

The E. E. Lutheran mite society will meet this evening at the residence of Mr. H. P. Yerzy, and to-morrow evening the mite society of the Methodist church will meet in the parlor of the church. Church societies are growing more popular with each succeeding meeting. In addition to the refreshments which are served a literary programme is presented. At the Methodist church an admission of ten cents entitles the person to refreshments, and at the Lutheran and Presbyterian assessment is made, but you partake of the eatables on the European plan—pay for what you eat.

Yesterday afternoon a quietly-disposed gentleman was sitting at a table in the Franklin house writing a letter. A man, who has already received enough punishment to warrant our withholding his name, approached the Q. D. G. and made some insulting remark to which no attention was paid the writer instead moving to an adjoining desk. The insults, from the man who was in liquor, became so vile and personal that the proprietor was in the act of interfering, when in less time than it takes to write it, the Q. D. G., who had finished his letter, gave the offender such a thrashing as we have rarely seen administered. And everybody said "he got what he deserved." The Q. D. G. was one of the athletes connected with the pantomime troupe.

Nick Roberts's pantomime troupe performed last night to one of the largest audiences ever gathered in the opera house. Pay day at the Shawnee furnace and both rolling mills served to add largely to the receipts. Every one seemed bent on enjoying themselves to the utmost and the way they went at it in no way belied their intentions. The scenes in the gallery at times beggared description, and the lowest concert saloon in the country would not be a second time tolerate the behavior which among the gods characterized last night's performance. The performance was of a more than ordinary character and appeared to give general satisfaction.

## THE CHURCH OF GOD.

Historical Sketch by John S. Gable.

The Church Advocate of April 7th contains a long and interesting sketch of the organization of the denomination of Christians known as the Church of God, founded by the late Rev. John Winebrenner. The sketch is written by John S. Gable, of this city, who was himself one of the first members of the church, and who has for half a century remained one of its most active members. After furnishing a brief biography of Elder Winebrenner, Mr. Gable gives a graphic description of the early labors of that remarkable man; of his trials and triumphs over obstacles that would have disheartened and crushed a man of less faith and indomitable energy. The revival meetings held in this city and elsewhere are graphically described, including the exciting meetings of the Second Advent people, who expected the re-appearance of Christ on earth in 1843. The paper is concluded with a statistical statement of the growth of the church and an admonition to members of the present generation to hold fast to the faith as proclaimed by the fathers.

## Case Presentation.

Yesterday afternoon J. Rosenmyer, who is general manager of Rosenbaum's tobacco warehouse, on Prince street, was presented with a handsome gold-headed cane by the employees. The presentation speech was made by Philip Borgmeyer, and it was responded to by Mr. Rosenmyer, who thanked the man for the beautiful present.

## POLICE CASES.

Drunk and Disorderly Conduct—Assault and Battery.

The mayor this morning committed, for ten days each, three men and one woman—all for drunken and disorderly conduct. Alderman Barr committed for drunken and disorderly conduct for ten days, an umbrella tinker, who gave his name as Bernard Reilly. Shortly after his arrest a woman named Mary Campbell called at Alderman Barr's office, and made complaint of assault and battery against Reilly. She charged Reilly with knocking her down, and tramping and kicking her, and her face gave evidence that she had been most shamefully abused. On her complaint Reilly was held to answer for assault and battery, and the woman Campbell, who appears to be his traveling companion was held for ten days to appear as a witness against him.

## Disreputable.

Last evening a postoffice official and some of his cronies, all of them considerably under the influence of liquor, made a most unwarranted and disreputable assault upon a city official, also a Republican, who by his recent political action has displeased the late "city ring." The blackguards shook their fists under the official's nose, threatened to whip him, used the most insulting epithets towards him, and did everything else to provoke a quarrel, which was avoided by the gentleman's forbearance. It is only at his request that we forbear publishing the rowdy's names.

Other gangs of the ringsters who have about reached the end of their rope were almost as disorderly in other parts of the city.

## Horses Sold.

Yesterday, John Reimann, auctioneer, sold for E. H. Kaufman, at the Merriam sale and exchange stables, this city, twenty head of horses at an average of \$135 each. One of them, a fine driving horse, was bought by John Slough, of the Black Horse hotel, for \$300, and some others sold for fancy prices.

Samuel Hess & Son, auctioneers, sold at public sale, yesterday, at Fred Brimmer's stables, for George Grossman, 33 head of Canada horses at an average of \$175.50 per head. The lowest price horse sold at \$120, and the highest price one at \$291.

## Kemble Goes Home.

Wm. H. Kemble, after giving bail for his appearance before Judge Pearson for sentence on the 26th inst., left Harrisburg on the Pacific express for his home in Philadelphia. He passed through this city at 1:25 this afternoon. While the train was standing in the depot an inconsiderate organ-grinder commenced grinding out "In the sweet by and bye," and as the train moved off struck up "The Devil's Dance."

## Annual Reunion.

The annual reunion of the Old Reliable association of Pennsylvania is being held to-day at Marietta. Delegates are present from all portions of the state. Wm. H. Hess, of Wilkesbarre, is president of the association. Branches exist in Harrisburg (which is the original organization), Philadelphia, and other places. The day will be closed with a grand sociable, as usual.

## Complaint Dismissed.

The complaint of assault and battery preferred by Mary Reilly against Arthur Henry, for assault and battery (the fact being that Miss Reilly was run-over and severely injured by Mr. Henry while he was driving on the New Holland pike some three weeks ago), was dismissed by Alderman McCoomby this afternoon, the prosecutrix failing to appear. Defendant declared the affair to be purely accidental.

## A. Y. M. Officers.

The Masonic officers who arrived in this city yesterday afternoon visited the Lancaster Lodge of Perfection last night. After the close of the lodge, a fine banquet, which was gotten up in John Copland's best style, was given in honor of the visitors, who returned to Philadelphia at 12:25.

## Steckman's Condition.

The condition of James Steckman, who was seriously hurt by being thrown from a carriage a few days ago, is materially improved, and his physicians now express strong hopes of his recovery.

## Red Men's Visit.

On Thursday next the members of Metamora and Es-shah-koo-nee tribes of Red Men, of this city, will pay a visit to Osceola tribe of Columbia. Some fifty men or more will participate in the visit.

## Leg of a Horse Broken.

On Sunday night a horse belonging to John Best kicked another which was in the stable with him, breaking his leg.

## A Well-Known German Minister, Rev. A. Opitz, of Scheldingerville, Wis., writes:

"I was a sufferer with Rheumatism for years. Friends recommended the use of St. Jacob's Oil; I tried it, and must confess that the result was astonishing. Having hardly used up the first bottle, I found relief, and the second cured me. I therefore feel under obligations, and shall recommend this effective remedy whenever I have a chance."

Consumption cured. Hundreds of people throughout the New England States who were consumptive will testify to their being alive to-day from the use of Spear's Port Grape Wine, produced in Passaic, New Jersey. It is prescribed by physicians generally and used in hospitals for this purpose. Weakly and debilitated females, consumptives, and all aged persons, find a great benefit by its use. Nothing is better for overworked and exhausted ladies. This wine is endorsed by Drs. Atlee and Davis and sold by H. E. Slaymaker.

Try Locher's Renowned Cough Syrup.

As a Cure for Piles. Kidney-Wort acts first by overcoming in the mildest manner all tendency to constipation. Then, by its great tonic and invigorating properties, it restores to health the debilitated and weakened parts. We have hundreds of certified cures, where all else have failed. Use it and suffer no longer.

Try Locher's Renowned Cough Syrup.

A COUGH, COLIC, CATARRH OF SORE THROAT should not be neglected. "Brown's Bronchial Troches" are a simple remedy, and will generally give immediate relief. Imitations are offered for sale, many of which are injurious. The genuine "Brown's Bronchial Troches" are sold only in boxes.

STATISTICS prove that twenty-five per cent. of the deaths in our larger cities are caused by consumption, and when we reflect that this terrible disease in its worst stage will yield to a bottle of Locher's Renowned Cough Syrup, shall we condemn the sufferers for their negligence, or pity them for their ignorance?

From a well-known citizen of Chicago. CHICAGO, Ill., Jan. 1, 1880.

H. H. Warner & Co. Rochester, N. Y.

GENTLEMEN: I have used Warner's Safe Kidney and Liver Cure with the greatest satisfaction. It is the only remedy I have ever used and I can recommend it
